PROGRAMMING SKILLS

- Proficient at PYTHON and C
- Basic proficiency in JAVA still learning

PROGRAMMING EXPERIENCE

- I have been doing competitive programming using python on various platforms such as codechef, hackerrank
- Participated in google kickstart coding competition

INTERESTS

- I love playing chess and want to create a chess engine that could match up with stockfish which i believe would be my toughest goal in programming
- Fond of reading comics/manga
- Astronomy and Physics always fascinate me and grab my attention
- crypto currency and stock market observer
